Companies covered

This report covers the GS Yuasa Group, comprised of GS Yuasa Corporation, the holding company; GS Yuasa International Ltd., the Group’s core operating company; and consolidated subsidiaries.

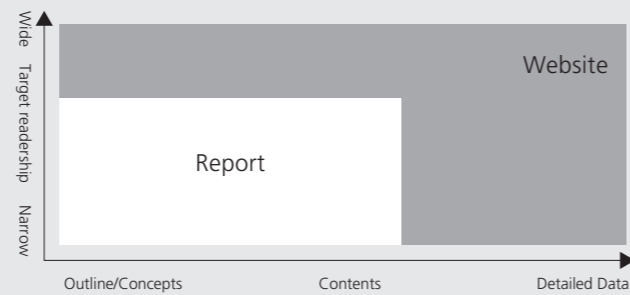

Notes are included for data that fall outside the scope of the companies covered.

Date of issue

October 2020

About importance and comprehensiveness

This report focuses on particularly important information, presented in such a way as to be easy to read and understand. The website discloses comprehensive information in order to meet public demands.

Preparation of this report

This report has been issued to familiarize our stakeholders with the management policies and business strategies of the GS Yuasa Group. In editing the report, we have referred to the Guidance for Integrated Corporate Disclosure and Company-Investor Dialogues for Collaborative Value Creation formulated by Japan’s Ministry of Economy, Trade and Industry. We have explained the path toward medium- to long-term value creation aimed for by our Group, with reference to business models and opportunities and risks, in the hope that readers can deepen their understanding of this topic.

Disclaimer

This report contains earnings forecasts and other financial information pertaining to future business performance. These contents are based on information available at the time of issue and include an element of latent risk and uncertainty related to economic trends, demand, the forex rate, the tax system, and other factors. Please understand that actual earnings could diverge greatly from those presented here.

Philosophy

Innovation and Growth

We are committed to people, society and the global environment through innovation and growth of our employees and business entities.

Management Vision

We are committed to delivering security and comfort to our customers around the globe through advanced technologies developed in the field of stored energy solutions.

Management Policy

1. GS Yuasa will become the “first call” company based on our “customer first” policy.
2. GS Yuasa considers quality and safety as most important, and supplies environmentally conscious products all over the world.
3. GS Yuasa will comply with all laws and operate using clear and fair management.

Corporate Slogan

Creating the Future of Energy

The commitment instilled in this slogan:

We pledge to pioneer new modes of futuristic energy (storage batteries), engineered to address the constantly changing needs of the times.
